**The policies when considering new applicants for possible entry into the league are few, with all final decisions the sole responsibility of the league executive.**

- 1) A reasonable and honest commitment of playing two games per week with present playing hours between 8:00 and 10:00 PM, Tuesday and Friday nights at the Spryfield Lions rink.
- 2) WE DON'T NEED, NOR WILL WE TOLERATE PLAYERS WHOI MIGHT FALL INTO ANY OF THE FOLLOWING CATEGORIES:
  - a. Exhibit poor sportsmanship qualities, be they physical in nature or displayed elsewhere with one's mouth.
  - b. The questioning or disputing of various rule infractions (penalties) meted out by the league's on-ice officials is unacceptable and will not in any circumstances be condoned.
- 3) Admittance to the league will not necessarily be based upon attempts to replace an existing player's abilities with a player possessing similar skills, but rather with one who's attitude is to fit-in with the group. The possessing of hockey skills in themselves, are but only one small aspect of what this league has always attempted to be about.
- 4) Entry into the league will normally be as a designated spare player, initially assigned to one of the four present teams. Each team consists of eleven permanent players plus their assigned spares, with spares only permitted to play when called upon by a designated team spokesman. Circumstances can, and often do, dictate that assigned spares may also find themselves playing on any given night on a team other than whom they have been officially assigned.
- 5) All or any decisions relating to the possible integration of spares and/or ex-players into the league on a permanent basis, regardless of the circumstances, will as previously indicated, be left solely to the discretion of the league executive.
- 6) How one relates to others and also chooses to conduct one's self in the overall role as a spare will be of the utmost importance when entry into the league on a full time basis becomes a consideration.
